# #MAINETTI THE MAINETTI GROUP

The Mainetti Group is a leading international manufacturer of hangers, packaging and integrated solutions. With strong roots in tradition and as much drive for innovation, the Mainetti Group adopts systems, productions and use of materials, which balance actions with values of ethics, care of the planet and social responsibility.

- Presence in 62 countries, worldwide with 90 locations
- Production in 42 countries
- Recycling/re-use operations in 24 countries
- Annual turnover of 500 million Euro
- 6,000 employees.

Il Gruppo Mainetti è un'azienda globale leader nella produzione di hangers, packaging e soluzioni integrate. Con forti radici nella tradizione e altrettanta spinta all'innovazione, il Gruppo Mainetti adotta sistemi, produzioni e uso di materiali, che mettono in equilibrio le azioni con i valori di etica, cura del pianeta e responsabilità sociale.

- Presenza in 62 paesi, nel mondo con 90 sedi
- Produzione in 42 paesi
- Recycling/Reuse operations in 24 paesi
- Fatturato annuo di 500 milioni di Euro
- Circa 6.000 dipendenti

## #MAINETTI FULL CIRCLE INITIATIVE

To reduce the environmental impact and demonstrate its commitment to environmental sustainability, the Mainetti Group promotes the Full Circle initiative - Decarbonization and Circularity - which are solutions to mitigate climate change and involve their customers to adopt a new business model based on circularity.

### CARBON NEUTRAL IN OUR OPERATIONS

The Mainetti Group is committed to Carbon Neutrality from 2021. This requires the adoption of renewable energies with the goal of reaching 80% by 2025 and 100% by 2030, in line with the aims of SBTi ( Science Based Target initiative). An additional key goal is to increase energy efficiency by 10%.

### PROMOTE CIRCULAR ECONOMY

Following a new business model based on the circular economy, the Mainetti Group, by encouraging reuse, aims to gradually reduce the use of virgin plastic in production by up to 40%. As part of the ongoing research of innovative materials in production, the use of paper and fabric, derived from renewable and sustainable sources is offered as valid alternatives.

### MAINETTI GLOBAL FOREST

The Mainetti Group is planting trees around the world to support reforestation projects in Amazon, Africa and the United Kingdom.

### HANGERLOOP

Hangerloop is the reuse and recycling program available to brands and retailers worldwide.

### POLYLOOP

Mainetti Polyloop is the world's exclusive process for recycling transparent polyethylene.

*Per ridurre l'impatto sull'ambiente e a dimostrazione dell'impegno verso la sostenibilità ambientale, il Gruppo Mainetti promuove l'iniziativa Full Circle. La - decarbonizzazione e la circolarità - sono soluzioni per mitigare i cambiamenti climatici e coinvolgere i propri clienti ad adottare un nuovo modello di business basato sulla circolarità.*

### DECARBONIZZARE LE ATTIVITÀ DEL GRUPPO

*Il Gruppo Mainetti si è impegnato a diventare Carbon Neutral a partire dal 2021. Questo necessita l'adozione di energie rinnovabili con l'obiettivo di raggiungere l'80% entro il 2025 e il 100% entro il 2030, in linea con gli scopi di SBTi ( Science Based Target initiative). Un altro obiettivo fondamentale è il miglioramento dell'efficienza energetica del 10%.*

### PROMUOVERE L'ECONOMIA CIRCOLARE

*Seguendo un nuovo modello di business basato sull'economia circolare, il Gruppo Mainetti, incentivando il riutilizzo, si pone come obiettivo la riduzione graduale e fino al 40% dell'impiego di plastica vergine nelle produzioni. In linea con la continua ricerca di materiali innovativi nelle produzioni, viene proposto come valide alternative, l'uso di carta e tessuto, derivanti da fonti rinnovabili e sostenibili.*

### MAINETTI FORESTA GLOBALE

*Il gruppo Mainetti sta piantumando alberi in tutto il mondo a sostegno di progetti di riforestazione in Amazzonia, Africa e Regno Unito.*

### HANGERLOOP

*Hangerloop è il programma di riuso e riciclo a disposizione di marchi e rivenditori in tutto il mondo.*

### POLYLOOP

*Mainetti Polyloop è l'esclusivo processo al mondo, brevettato, per il riciclo del polietilene trasparente.*

# #MAINETTI ELLEN MACARTHUR FOUNDATION

## **An achievement in circular economy from Ellen MacArthur Foundation**

Already a partner since 2021 of the Ellen MacArthur Foundation and one of the signatories of the Global Commitment to accelerate the global transition to a circular economy, Mainetti takes another step towards achieving the goals set in the four-year period 2021-2025. Mainetti has achieved level B, on a scale ranging from A to E, in the implementation of the circular economy for the group's production companies, according to the Circulitycs assessment.

Circulitycs is a tool to measure the circular economy performance of a company and gives back a clear understanding of the state of the art and progress in implementing the circular economy.

The circular economy can help combat the climate crisis by moving closer to a much desired paradigm shift in consumption: in a circular model, existing products are shared, reused repaired and recycled.

This is why Mainetti, innovating sustainability processes and practices, helps customers to optimize their processes in their work systems, in a win-win perspective.

In the direction towards a new circular economic model, Mainetti offers a range of efficiently designed products in alternative materials such as paper, cardboard, and compostable materials from renewable sources, with the commitment of reducing single-use plastic.

*Già partner dal 2021 di Ellen MacArthur Foundation e tra i firmatari di the Global Commitment per accelerare la transizione globale verso un'economia circolare, Mainetti compie un altro passo per il raggiungimento degli obiettivi posti nel quadriennio 2021-2025. Mainetti ha ottenuto il livello B, su una scala che va da A a E, nell'attuazione dell'economia circolare per le produzioni delle aziende del gruppo, secondo la misurazione effettuata da Circulitycs.*

*Circulitycs è uno strumento di misurazione che restituisce alle aziende una fotografia chiara dello stato dell'arte e dei progressi effettuati nell'attuazione dell'economia circolare.*

*L'economia circolare può contribuire a combattere la crisi climatica avvicinandosi ad un cambio di paradigma dei consumi tanto auspicato: infatti, in un modello circolare i prodotti esistenti vengono condivisi, riutilizzati riparati e riciclati.*

*Per questo Mainetti, con l'innovazione dei processi e delle pratiche legate alla sostenibilità, aiuta i clienti nell'ottimizzare i propri processi nei sistemi di lavoro, in ottica win-win.*

*Nella direzione verso un nuovo modello economico circolare, Mainetti propone una gamma di prodotti progettati in modo efficiente, in materiali alternativi come carta, cartoncino, materiali compostabili che provengono dall'utilizzo di fonti rinnovabili, con l'impegno di ridurre la plastica monouso.*

## **ELLEN MACARTHUR FOUNDATION**

## #MAINETTI ITALIA BUSINESS UNITS

Strong in the diversified production of Hagers, paper and fabric packaging, labels, tags, polybags, intelligent solutions ( Rfid) Mainetti Italia is a production complex with 4 business units located in Italy. *In un'ottica di servizio al cliente e di risposta alle sue necessità, il gruppo Mainetti presenta ampie proposte di prodotti e soluzioni per rafforzare l'immagine del brand.*

HANGERS  
FLEXIBLE PACKAGING  
STRUCTURAL PACKAGING  
BRANDING SOLUTIONS  
INTELLIGENT SOLUTIONS (RFID)

## #MAINETTI ITALIA RESEARCH&DEVELOPMENT

Mainetti's success is based on the constant pursuit of innovation. Design, beauty and technology are at the core of creating original and always avant-garde collections. Creative proposals that, with a keen eye on the client's needs, interpret their desires and quests.

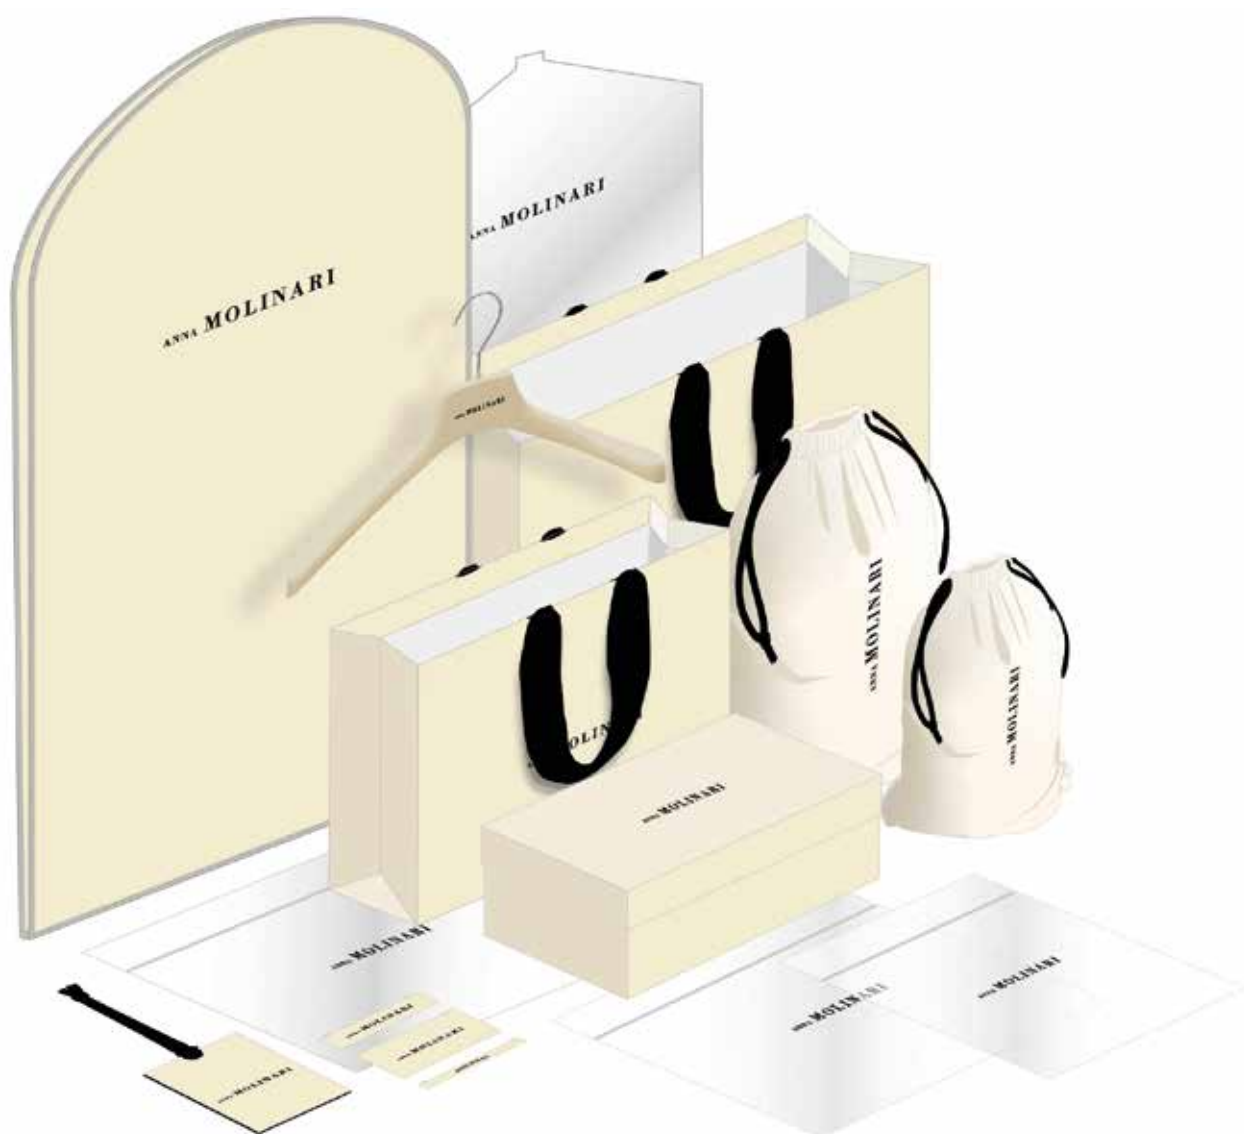

*Il successo del gruppo Mainetti risiede nella costante ricerca dell'innovazione. Design, bellezza e tecnologia sono i punti focali su cui si concentra la creazione di collezioni originali e sempre all'avanguardia. Proposte creative che con occhio attento ai bisogni del cliente, ne interpretano i desideri e le necessità.*

## #MAINETTI ITALIA CUSTOMIZED DESIGN SERVICE

The design service is available for product customization, prototyping and pre-printing, with reduced development time and less costly production, all from a green perspective. Expert designers reconcile aesthetics and functionality with the feasibility of their creations.

*Il servizio "design service" è a disposizione per la personalizzazione dei prodotti, per la prototipia e la pre-stampa, con riduzione dei tempi di sviluppo e con produzioni meno costose, il tutto in ottica green. Designers esperti conciliano l'estetica e la funzionalità con la fattibilità delle realizzazioni.*

## #MAINETTI STRUCTURAL PACKAGING / PAPER 2024 STOCK PRODUCTS CATALOGUE

The 2024 Stock products catalogue presents a wide range of shopping bags, gift bags, e-commerce solutions and other accessories for a variety of sectors.

All products are manufactured with the care appropriate to the specific packaging needs of each sector, in particular the proposals for Food, Beverage and all Delivery sectors.

All references are available in stock in bulk or in blister packs and are supplied in boxes. The customization service with overprinting is possible starting from small quantities.

Mainetti has always been attentive to the environmental aspects and sustainability, pays great attention to the choice of materials, finishing and processes that are compatible with the environment and supporting the functional circular economy for granting the best possible product life cycle.

*Il catalogo 2024 Stock products presenta una vasta gamma di shopping bags, gift bags, soluzioni per l'e-commerce e altri prodotti accessori dedicati a molteplici settori merceologici.*

*Tutti i prodotti sono realizzati con la cura adeguata alle specifiche necessità di packaging di ogni settore. Di particolare interesse risultano le proposte dedicate a Food, Beverage e Delivery in genere.*

*Tutte le referenze sono disponibili a magazzino nelle varianti sfuse o blisterate e sono fornite in scatole. Grazie al servizio di sovrastampa, è possibile la personalizzazione dei prodotti, garantita anche su piccole quantità.*

*Mainetti, da sempre attenta agli aspetti ambientali e all'ecosostenibilità, pone grande attenzione nella scelta di materiali, finiture e processi compatibili con l'Ambiente a sostegno di un'economia circolare e funzionale al miglior ciclo di vita dei prodotti.*

## #MAINETTI ITALIA CUSTOMIZATION&OVERPRINTING

### CUSTOMIZATION

It is possible to choose from a wide range of items that can be customized with overprinting also of small quantities or tailor-made items from 3,000 pieces for the automatic line and 1,000 pieces for the hand-made line.

### OVERPRINTING

Mainetti Bags offers the Customization service with Catalogue Collection items in short time.

Overprinting on one or two sides is possible in flexographic printing, hot foil stamping, silkscreen and digital printing.

### DIGITAL OVERPRINTING

Digital overprinting can be realized in two or more colours and allows to print to register even more complex multi-coloured images by exploiting a very large printing area. Digital overprinting is possible on one or two sides and on White and Avana Brown papers.

### PERSONALIZZAZIONE

E' possibile scegliere tra un'ampia proposta di articoli personalizzabili con sovrastampa anche su piccole quantità o da realizzare su misura a partire da 3.000 pezzi per la linea automatica e da 1.000 pezzi per la linea manuale.

### SOVRASTAMPA

Mainetti Bags propone il servizio di personalizzazione con sovrastampa dei prodotti a Catalogo realizzabile in tempi rapidi.

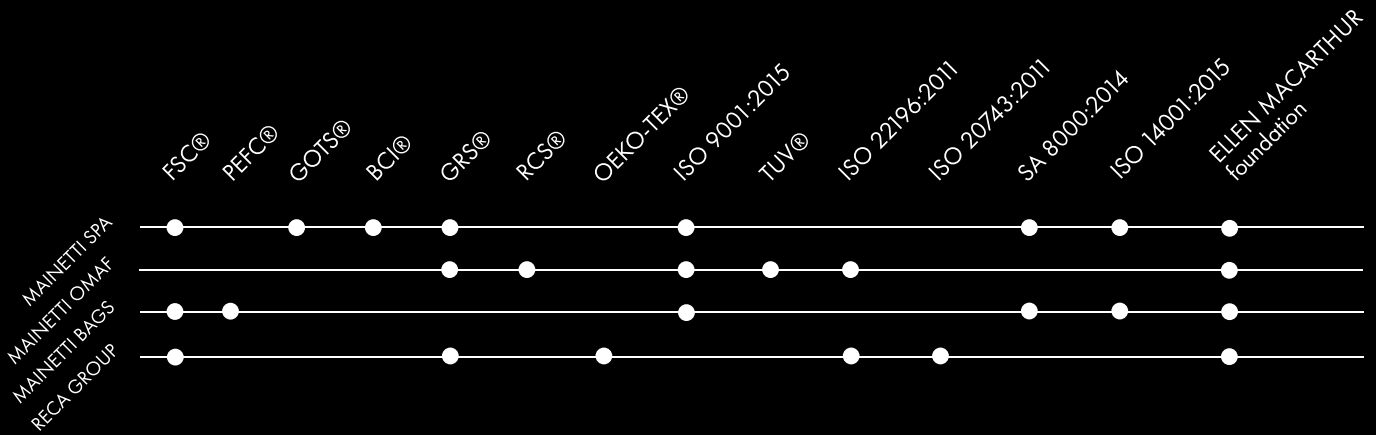

La sovrastampa su uno o due lati è possibile con stampa flexografica, a caldo, serigrafica e digitale.

### SOVRASTAMPA DIGITALE

La sovrastampa digitale a 2 o più colori permette di stampare a registro anche immagini complesse a più colori sfruttando un'area di stampa molto ampia. La sovrastampa digitale su uno o due lati è possibile sui supporti Bianco e Avana.

# #CORDINO RISVOLTATO J FOLD

## Papers

### Duplex

Duplex paper born from the coupling of two different dough compositions that make it quite interesting under the aesthetic profile: one white and one avana side, not forgetting that also under the structural aspect, it can guarantee a better and stronger support compared to the standards avana paper.

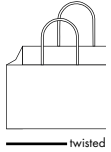

## Carte

### Duplex

La carta Duplex nasce dall'accoppiamento di due diverse composizioni di impasto che la rendono interessante sotto il profilo estetico: un lato bianco e un lato avana, ma anche sotto l'aspetto strutturale che garantisce così un supporto maggiormente tenace e resistente della carta standard Kraft. La carta Duplex è 100% riciclata.

## Papers

### White Kraft

White Kraft shoppers are produced with recyclable paper. The paper has high strength and is FSC® certified.

### Avana Biokraft

Biokraft shoppers are produced with 100% recycled paper, made from top quality selected pulp, which provides a perfectly uniform surface and colour.

Brown Biokraft is totally recyclable, FSC® certified, compostable and humidity resistant thanks to a percentage of natural resin in its composition.

### Duplex

Duplex paper born from the coupling of two different dough compositions that make it quite interesting under the aesthetic profile: one white and one avana side, not forgetting that also under the structural aspect, it can guarantee a better and stronger support compared to the standards avana paper.

### Shiro Echo Raw - Sand

Shiro Echo resets perceptions of 100% recycled paper as the desirable high quality first choice for environmental policy. Ideal for sustainable printing and environmentally friendly packaging. Shiro Echo Raw Sand with a naturally rougher finish to reflect it's recycled heritage. Shiro Echo is recyclable, biodegradable and FSC™ certified. The CO2 emissions generated are fully offset.

### Dyed Papers: Brown and Red

The processing of the dyed paper takes directly in the paper mill. This process enriches the perceived value of the paper and grants a colour uniformity both inside and outside of the bag. It prevents the white corners effect resulting from the wear of vulnerable parts.

### Colors

Printed with water inks and protective varnish.

Black/Brown/Grey/Blue

## Carte

### White Kraft

*Le shopper in kraft bianco sono prodotte con carta riciclabile. La carta ha un'elevata resistenza ed è un prodotto certificato FSC®.*

### Avana Biokraft

*Le shopper biokraft sono prodotte con una carta 100% riciclata, fabbricata utilizzando maceri selezionati di altissima qualità, idonei a garantire uniformità di superficie e di colorazione. È realizzata con una percentuale di resine naturali che la rende resistente all'umidità. È un prodotto completamente riciclabile, certificato FSC® e compostabile.*

### Duplex

*La carta Duplex nasce dall'accoppiamento di due diverse composizioni di impasto che la rendono interessante sotto il profilo estetico: un lato bianco e un lato avana, ma anche sotto l'aspetto strutturale che garantisce così un supporto maggiormente tenace e resistente della carta standard Kraft. La carta Duplex è 100% riciclata.*

### Shiro Echo Raw - Sand

*L'alta qualità delle carte riciclate ha un nome: Shiro Echo, la prima scelta per progetti di packaging ecologico. Shiro Echo Raw Sand è una carta con 100% di fibre riciclate, dal colore di sobria eleganza in una finitura ruvida naturale che trasmette la propria eredità riciclata. Shiro Echo è una carta riciclabile, biodegradabile, certificata FSC™ e a zero emissioni grazie alla neutralizzazione della CO2 residua.*

### Dyed Papers: Brown and Red

*La colorazione della carta tinta in pasta avviene direttamente in cartiera. Oltre a rendere la carta più pregiata, conferisce un colore uniforme sia all'interno che all'esterno, evitando la formazione di angoli bianchi derivanti dall'usura della borsa.*

### Colori

*Stampate con inchiostri ad acqua e vernice di protezione.*

## Papers

### White Kraft

White Kraft shoppers are produced with recyclable paper. The paper has high strength and is FSC® certified.

### Avana Biokraft

Biokraft shoppers are produced with 100% recycled paper, made from top quality selected pulp, which provides a perfectly uniform surface and colour. Brown Biokraft is totally recyclable, FSC® certified, compostable and humidity resistant thanks to a percentage of natural resin in its composition.

### Avana Kraft

Avana Kraft is a top quality recyclable pure pulp paper. FSC® certified.

### Duplex

Duplex paper born from the coupling of two different dough compositions that make it quite interesting under the aesthetic profile: one white and one avana side, not forgetting that also under the structural aspect, it can guarantee a better and stronger support compared to the standards avana paper.

### Crush

Crush is a range of eco-friendly papers made by replacing up to 15% of virgin tree pulp with the process residues of organic products. Crush papers includes by-products from grapes or olives. These natural raw materials are saved from landfill and used to make these distinctive and vivid papers. Crush is FSC™ certified, produced with EKOenergia, GMO free, contains 40% post-consumer recycled waste and resulting in a 20% reduction in carbon footprint.

### Dyed Papers: Black

The processing of the dyed paper takes directly in the paper mill. This process enriches the perceived value of the paper and grants a colour uniformity both inside and outside of the bag. It prevents the white corners effect resulting from the wear of vulnerable parts.

## Carte

### White Kraft

*Le shopper in kraft bianco sono prodotte con carta riciclabile. La carta ha un'elevata resistenza ed è un prodotto certificato FSC®.*

### Avana Biokraft

*Le shopper biokraft sono prodotte con una carta 100% riciclata, fabbricata utilizzando maceri selezionati di altissima qualità, idonei a garantire uniformità di superficie e di colorazione. È realizzata con una percentuale di resine naturali che la rende resistente all'umidità. È un prodotto completamente riciclabile, certificato FSC® e compostabile.*

### Avana Kraft

*Avana Kraft è una carta riciclabile di alta qualità di pura cellulosa. Certificata FSC®.*

### Duplex

*La carta Duplex nasce dall'accoppiamento di due diverse composizioni di impasto che la rendono interessante sotto il profilo estetico: un lato bianco e un lato avana, ma anche sotto l'aspetto strutturale che garantisce così un supporto maggiormente tenace e resistente della carta standard Kraft. La carta Duplex è 100% riciclata.*

### Crush

*Crush è una gamma di carte ecologiche realizzate con sottoprodotti agro-industriali che sostituiscono fino al 15% della cellulosa proveniente da albero. I residui di uva e olive sono le materia prima naturale che, salvata dalla discarica, viene utilizzata per la produzione di queste esclusive carte dall'aspetto tattile inusuale. Crush è certificata FSC, realizzata con EKOenergia, senza OGM e contiene 40% di riciclato post consumo. Utilizzando scarti agro-industriali e EKOenergia, la carbon footprint è ridotta del 20%.*

### Dyed Papers: Black

*La colorazione della carta tinta in pasta avviene direttamente in cartiera. Oltre a rendere la carta più pregiata, conferisce un colore uniforme sia all'interno che all'esterno, evitando la formazione di angoli bianchi derivanti dall'usura della borsa.*

## Papers

### Shiro Echo Raw - Sand

Shiro Echo resets perceptions of 100% recycled paper as the desirable high quality first choice for environmental policy. Ideal for sustainable printing and environmentally friendly packaging. Shiro Echo Raw Sand with a naturally rougher finish to reflect it's recycled heritage. Shiro Echo is recyclable, biodegradable and FSC™ certified. The CO2 emissions generated are fully offset.

### Embossed Dyed Papers: Red, Black, White

The processing of the dyed paper takes directly in the paper mill. This process enriches the perceived value of the paper and grants a colour uniformity both inside and outside of the bag. It prevents the white corners effect resulting from the wear of vulnerable parts.

## Carte

### Shiro Echo Raw - Sand

*L'alta qualità delle carte riciclate ha un nome: Shiro Echo, la prima scelta per progetti di packaging ecologico. Shiro Echo Raw Sand è una carta con 100% di fibre riciclate, dal colore di sobria eleganza in una finitura ruvido naturale che trasmette la propria eredità riciclata. Shiro Echo è una carta riciclabile, biodegradabile, certificata FSC™ e a zero emissioni grazie alla neutralizzazione della CO2 residua.*

### Embossed Dyed Papers: Red, Black, White

*La colorazione della carta tinta in pasta avviene direttamente in cartiera. Oltre a rendere la carta più pregiata, conferisce un colore uniforme sia all'interno che all'esterno, evitando la formazione di angoli bianchi derivanti dall'usura della borsa.*

## Fabrics

### TNT

Shopping bags in non woven polypropylene are made with durable and eco-friendly materials. The result is a strong and reusable product.

### Cotton

Shopping bags in cotton are simple and durable, made with a reusable and 100% natural material.

### Colors

Printed with water inks and protective varnish.

White/Black/Tortora/Red

### Custom overprinting

Can be over printed with silk printing.

Blue 661/ Green 355/ Red 485/ Bordeaux 188  
Silver 877/ Black/ Yellow 012/ Light Blue 2193  
Arancio 021/ Dark Green 343/ Gold 871

## Tessuti

### TNT

Le shopping bag in tessuto non tessuto di polipropilene sono realizzati con materiali ecosostenibili e durevoli. Il risultato è un prodotto molto resistente e riutilizzabile.

### Cotton

I sacchetti prodotti in cotone sono leggeri e resistenti e sono realizzati con un materiale naturale al 100% e riutilizzabile.

### Colors

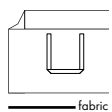

Stampate con inchiostri ad acqua e vernice di protezione.

### Sovrastampa personalizzata

Personalizzabile con sovrastampa serigrafica.
